IMPACT WEEK

**Programme
Booklet**

WELCOME!

MAP Impact Week is an opportunity to share and showcase the impactful stories of MAP young people and stakeholders (youth facilitators, civil society organisation workers or NGO workers, educators, artist collaborators, and policymakers). It aims to bring together MAP participants and stakeholders to reflect on their engagement with/within MAP and help to shape how IMPACT can be understood.

From 17-20 July 2023, a total of 40 presenters (individuals and groups) from Rwanda, Indonesia, Nepal, and Kyrgyzstan will share stories of their MAP journey and how it impacted their life and environment. Stories are in the form of oral/written testimonies but also use various kinds of art forms, such as drawing, painting, poem, song, video, short film, and collage. MAP Impact Week is accompanied by a virtual exhibition.
